

TO THE MAN WHO THINKS.

LOOK yourself squarely in the face and see if you are not half ashamed to be without Ivory Soap in your house. Worse than this, your wife is without it. It is bad enough for a man, though a man often doesn't care how his comfort is mis-spelled. But a woman misses all these little helps to housekeeping. And Ivory Soap is one; its great potency makes it actually cheaper than yellow soap for general work. It floats.

QUEEN REGENT'S RECEPTION.

MADRID, Feb. 10.—The queen regent of Spain held her final official reception here Saturday when the president of the senate and the chamber of deputies presented to her addresses of gratitude from the country for her nobility and expressed the best wishes for the success of the young king. The replies of the queen regent were couched in touching terms. King Alfonso was present at the reception.

POSTMASTER AT LA GRANDE.

WASHINGTON, Feb. 10.—The president today nominated John C. Ardroy postmaster at La Grande, Oregon.

BURGLARS FEASTED ON WINE.

CHICAGO, Feb. 10.—Thieves entered the residence of W. B. Leeds, president of the Rock Island railroad and carried off several hundred dollars worth of silver. Before looting the place the burglars helped themselves to wine and the best the larder afforded, the servants in the morning finding several empty bottles and other remains of the feast. The family were asleep.

OUR ARMY THE BEST.

Our army is the most effective and efficient organization in the world. The reason for this is the men are well paid as well as well fed. Good feed and good pay, however, will not alone make a good soldier. He must have steady nerves, a good digestion and a strong constitution. To fight disease it is also necessary to have the same requirements, but if you are weak and nervous, there is a medicine that will strengthen your system. We refer to Hostetter's Stomach Bitters. For fifty years it has been making weak people strong and sickly people well. We therefore urge you to try a bottle and satisfy yourself. It is a specific remedy for indigestion, dyspepsia, constipation, flatulency, nervousness, and malaria, fever and ague.

The Filipinos need mules. Now is the time to supply them. After a little longer contact with civilization they will be demanding automobiles.

Pears'

What is wanted of soap for the skin is to wash it clean and not hurt it. Pure soap does that. This is why we want pure soap; and when we say pure, we mean without alkali.

Pears' is pure; no free alkali. You can trust a soap that has no biting in it, that's Pears'.

Established over 100 years.

The burglars ought to be ashamed of themselves to annoy the police so much.

CRYING!

What for? If you ask her she will tell you she doesn't know. She just feels nervous, that's all. A man is apt to have very little sympathy with this condition in his wife. He can't see any earthly reason why she should cry. She has plenty to eat, plenty to wear, and he does everything he can, he thinks, to make her happy; and in spite of that, she sits down and cries softly to herself, apparently without any cause or reason. But there is a cause, and that cause is some disorder or disease of the delicate womanly organism. Unhealthy drains have taken away the vital force. Inflammation is fretting the nerves of the whole body. If women did but understand the intimate relation of the general health to the local health of the delicate womanly organs, they would realize that the quick way to establish the general health is to cure the local disorders. Dr. Pierce's Favorite Prescription dries the drains that enfeeble women, heals inflammation and ulceration and cures female weakness. It is a medicine that can absolutely be relied upon to make weak women strong and sickly women well. It contains no alcohol, and is entirely free from opium, cocaine and all other narcotics.

Women suffering from disease in chronic form are invited to consult Dr. Pierce, by letter, free of charge. Dr. Pierce, assisted by his staff of nearly a score of physicians, has in a little over thirty years treated and cured more than half a million sick and ailing women. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

COULD SCARCELY WALK.
"For the sake of poor, suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Bowles, of Watts, Reddell Co., N. C. "I was in a miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your Pleasant Pellets. I am entirely well and feel like a new woman. I feel thankful to God and to Doctor Pierce for the blessing I now enjoy. I have a fine, big boy, two months old and never got along as well in my life. I can't praise your medicines enough."

NO USE FOR DOCTORS.
"About five years ago I had very poor health," writes Mrs. S. E. Whalen, of Holden, Johnson Co., Missouri. "After doctoring four years with no success, they gave me your case up; said they had done all they could. I had been confined to my bed half my time; the other half could hardly drag around. I had such pains in my back and abdomen I could not stand on my feet for more than a few minutes. My feet were cold and numb and my periods came too often. The doctors said it was change of life, so, as I had heard of Dr. Pierce's medicine, my husband got me a bottle of 'Favorite Prescription.' I took it and it helped me in some ways, so I wrote to you and followed your advice. I commenced 'Favorite Prescription,' 'Golden Medical Discovery' and the 'Pleasant Pellets,' as I was so constipated all the time and pills would not do me any good. I had such pains in my back and abdomen I could not stand on my feet. To the great surprise of everybody I got well, and when I met my friends they would say, 'If never thought you would be here now.' But I can say it was your medicine, which no doubt is the best in the world. Have had no use for doctors since I tried your medicine." Dr. Pierce's Pleasant Pellets are an effective medicine for the bowels and liver. They do not re-act upon the system.

GREEK MEETS GREEK.

Pierce Fight Between Rival Factions of Greek Orthodox Church.

CHICAGO, Feb. 10.—Rival factions of the Greek Orthodox church had a fierce fight during a meeting and when the trouble was over one policeman was among the injured, while several Greeks suffered from bruises. Knives were flashed and fierce threats were made during the encounter. When the trouble began three policemen attempted to stop it but the officers were pushed and nearly 300 men were fighting. One policeman was struck by a chair and knocked down stairs. A riot call was turned in and on the appearance of a large body of policemen the rioters were panic stricken and jumped out of windows and down stairways. The police charged into the crowd and, after several minutes of fighting, succeeded in restoring order.

OF BUT LITTLE VALUE.

Montana Sapphire May Be Found in Barrels Full.

BUTTE, Feb. 10.—State Senator Hobson, who is largely interested in the sapphire diggings in Fergus county, says the story in circulation throughout the East of the many diamonds being found in this state is a myth. The stone that is creating all the furor is a white sapphire, very hard but of comparatively little worth. Hobson has made special trips to New York and London, where he has interviewed well known lapidists with reference to the Montana stone.

In veins extending for miles along the creek bed, Hobson says these white stones can be found by the barrel.

PLEA FOR CHRISTIAN UNITY.

NEW YORK, Feb. 10.—In his sermon at the Collegiate church, Dr. Donald E. Mackay, talking on "A Plea for Christian Unity," expressed the belief that his goal can be reached only along the line of interdenominational co-operation. It is a dream, he said, that all Christendom can be made in one creed, the doctrine and ceremonial. The former plan, however, he considers feasible and he presented in his sermon a basis on which he thought it could be accomplished.

ENGINEER INSTANTLY KILLED.

SEATTLE, Feb. 10.—L. E. Dix, a marine engineer and an old resident of this city, was instantly killed yesterday by falling down an open hatchway on the steamer W. Lamette. He fell 30 feet and struck on his head. Hardly a bone in his body was left unbroken. Dix stumbled over a coil of rope beside the open hatch. He leaves a wife and two children.

ONE WOMAN'S ADVICE TO ANOTHER.

Immediate Relief from the Use of Paine's Celery Compound.

BOSTON, Jan. 13, 1902.

TO THE SUFFERING PUBLIC: It is with a feeling of extreme gratitude and thankfulness and a humane desire to benefit others that I write out my own experience in the use of Prof. Edward E. Phelps' wonderful preparation, called "Paine's Celery Compound." Owing to a fall from a horse several years ago, I became a nervous invalid, and last year I entered a hospital as a patient, where I was operated on by a famous New York surgeon.

The surgical operation was successful, but nervous prostration followed. A summer in Newport, with the best medical attendance, failed to restore my nerves to their normal condition. I was absolutely unable to digest any solid food, and this weak condition of my digestive organs, combined with insomnia, caused the deepest depression. A constant tenderness and soreness in the region of my stomach, with a dull headache and extreme weakness, created a feeling of hopelessness, from which I was unable to rise.

It was in this melancholy frame of mind that I chanced to meet a Boston lawyer, who said to me, "I was in almost the condition that you are now in, and after spending hundreds of dollars without receiving any benefit I was induced by a friend to give Paine's Celery Compound a trial, which I did, and it cured me completely when everything else had failed."

I was rather skeptical about trying a prepared medicine, but I ordered a bottle from my druggist and began to take it according to directions. Much to my surprise I slept soundly at night and did not wake in the morning with the usual dull headache. Then, too, I developed an appetite for solid food and soon I was able to digest a course dinner without any unpleasant sensations. I am now completely restored to health after about two months' use of the Compound. Sympathizing deeply with all who may be suffering as I did, I take this method of reaching strangers, after writing personal letters to my particular friends.

With the sincere hope that others may be benefited as I have been by the use of Paine's Celery Compound, I am

Very truly yours,

MRS. FRANCES L. BERNHARDT.
